… and I can see data about the time I liked the photo.

2

I count all my trips per month...

2

... and I represent it graphically in a book using a pen.

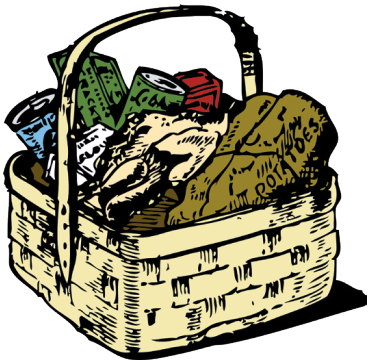
3

I use a navigation app while driving...

3

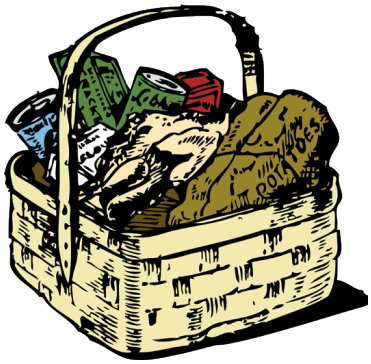
… and the navigation app shows data about my location history.

4



I buy groceries online...

4



... and my choice of products allows the app to know that I like picnics.

5

I use a smartwatch...

5

... and the watch records my heart rate.

6

I use an app to listen to music...

6

... and I created a playlist of my favourite songs.

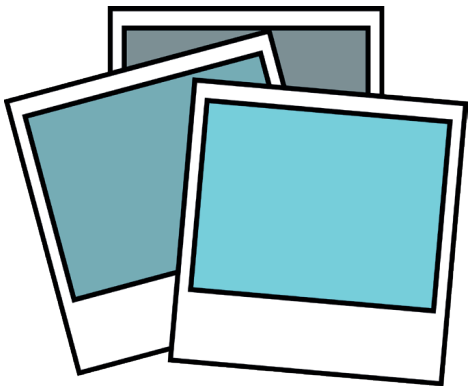
I share photos from my hiking trip on my social media profile...

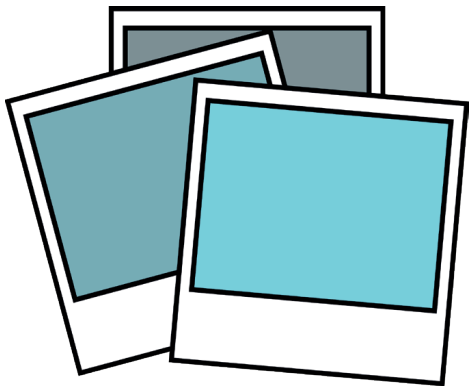
... and the social media site shows me adverts for hiking boots.

8



I log into my Instagram account…

8



... and a server uses my profile id to keep me logged in.

9

I use a face filter app...

9

... and the app collects my location data without displaying it to me.

10

I use a website to search for a new job...

10

... and I registered a profile and added my personal details.
