

## DATA DELTA QUICK-START RULES

1. **Select a player** to become the Referee for the 1st turn of the game.
2. **Shuffle the cards** and place them face down in the centre of the playing area.
3. **The Referee draws the first card** from the pile and reads out its content.
4. **Each of the other players** must use their mobile phone, laptop, etc to find the item requested upon the card.
5. **After 1 minute has elapsed**, the Referee asks each player, in turn, to show the item they have found.
6. **The Referee selects** their favourite item and declares the player who found it the winner for the round.
7. **The winning player** takes the used card and becomes Referee for the next round.
8. **Play continues** until time is up or one player has won 5 rounds, at which point they are declared the winner of the game.
